The following are brief descriptions of the options you will have:

**-Grades and Attendance:** Grades and attendance for the year. Detailed attendance for the last week and current week are shown - by clicking on the total number of absences it will give you a detailed description of each absence (Excused, Unexcused, AM, or PM). By Clicking on a current grade you will be connected to the assignments, tests, etc. that are included in that grade.

**-Grade History:** Final grades for the previous marking periods. By clicking on the final grade you will see any assignments, test etc. that made up that grade. Please note: The teachers will be required to have their grade books up to date on the 1st and 3rd Monday of each month.

**-Attendance History:** The attendance codes marked for the current marking period.

**-Email Notifications:** To sign up for automatic email reports, select what information you would like to receive, how often you want it sent, and what email addresses you would like the reports sent to. We feel it is an important part of your student's education to learn how to communicate constructively with adults concerning issues that are important in their lives. Therefore, we ask that you encourage your child(ren) to communicate directly with their teachers on questions concerning grades, assignments, etc. If you have a concern or need that must be addressed directly with your child's teacher, please feel free to email them directly. To email your student's teacher, simply click on their name (in blue) on any of the screens. **(Do not hit the reply button: this will NOT get your message to your child's teacher.)**

**-Teacher Comments:** Comments that have been given by your student's teacher. Comments are separated by each subject that your student has.
